

Secret Harbour Golf Course

1st Blue 496 Mts
White 456 Mts
Par 5, Index 8

Dogleg left, easy to over shoot unless you can shape the ball, right side of fairway is OB and sandy, aim over fairway bunkers on the left should put you in a good position, next shot you can lay up to an elevated green protected by a greenside bunker on the left but more on the right so aim left.

2nd Blue 382 Mts
White 358 Mts
Par 4, Index 4

Long and straight is the key, you need to carry a central bunker short of the elevated green which has several hollows and will reject any off target shots particularly on the right.

3rd Blue 445 Mts
White 436 Mts
Par 5, Index 17

A tight landing zone for your first shot protected by several bunkers, your next shot should be right to a large green reachable in three

White 327 Mts

Aim right of fairway bunkers then dogleg left to a slightly elevated green. The greenside bunker forces a shot to the back of the green

An elevated green requires players to up club and hit firm. This green will be harder (longer) to hit than it looks from the tee.

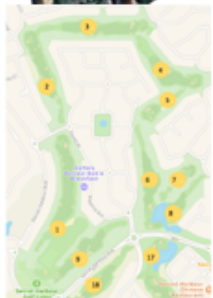

6th Blue 353 Mts
White 554 Mts
Par 4, Index 2

There are two alternative landing zones, left of the central trees has a larger landing zone but you then have to carry the green bunkers. Best is straight and right of the center trees, an elevated green has to accurately attacked bunkers left and a slope to water and OB right

7th Blue 156 Mts
White 140 Mts
Par 3, Index 12

An easy par 3 from an elevated tee to a large green, hit longer and firm to the back of the green is the safest approach, the green is slightly elevated

8th Blue 286 Mts
White 260 Mts
Par 4, Index 5

Lay up to the front of the lake, left of fairway is safest and offers the easiest shot to the green

9th Blue 361 Mts
White 357 Mts
Par 4, Index 3

Depending on the sea breeze this is a very challenging hole, you need to carry the first set of fairway bunkers then accuracy to a green protected right with bunkers and left with marshy out of bounds

Aim left of lake inside the fairway bunkers. The green is elevated so up club for an uphill approach. From right side of fairway is a better option, the left side of green slopes back down to the a green that runs high centrally

11th Blue 541 Mts
White 332 Mts
Par 5, Index 15

Long hole slightly blind off the tee but mainly downhill so make it over the left fairway bunkers, and you will get a good roll, you need to carry the next bunkers to a hollow fairway and another elevated green, that has small swales to make putting harder

12th Blue 188 Mts
White 177 Mts
Par 3, Index 9

Tough elevated green you need to aim for the back of the green so up club and hit hard, green has swales but is quite large, but don't let the angle of the tee box fool your direction, this is a dogleg left.

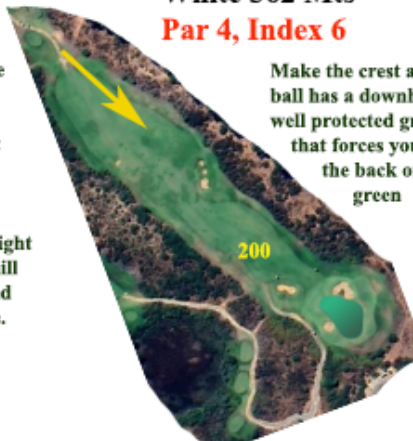

13th Blue 398 Mts
White 389 Mts
Par 4, Index 1

You must Carry the out of bounds and aim past the right hand bunkers, next it is an easy approach to a placid green, protected front right but playing up hill go up a club and you will be fine.

14th Blue 381 Mts
White 362 Mts
Par 4, Index 6

Make the crest and the ball has a downhill to a well protected green that forces you to hit the back of the green

15th Blue 336 Mts
White 315 Mts
Par 4, Index 10

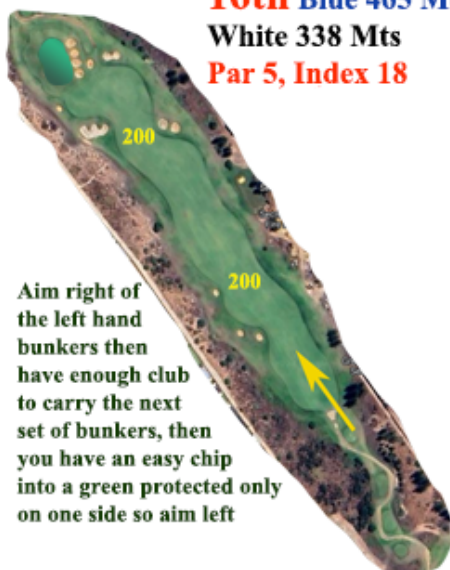

Dogleg left aim left of triple bunker then best approach is left of fairway

Fairway distance may vary depending of tee box in use

16th Blue 465 Mts
White 338 Mts
Par 5, Index 18

Aim right of the left hand bunkers then have enough club to carry the next set of bunkers, then you have an easy chip into a green protected only on one side so aim left

17th Blue 139 Mts
White 124 Mts
Par 3, Index 14

Very tricky par 3 a challenge for the brave or aim just right of the left hand bunker if you are laying up

18th Blue 319 Mts
White 302 Mts
Par 4, Index 13

Straight forward hole with fairway hollowing towards the center hitting left is best to catch the downslope to center fairway, next shot is also left to a large green
